

NEW PRODUCTS

Galaxy by **Gold & Wood**, a glamorous shape, streamlined with a sculpting technique and featuring faceted stud patterns. Also available in chocolate wood with a passion fruit motif; **flower decoration** by **Okia**. The frame shows a series of sculptural orchids on both temples and the petals of the flowers are thin and carefully bent so that they appear to be real. Harmonious gradient colours complete the realistic effect of the decoration and give it a refined touch of femininity
