OKIA

A precious look.

"Flawless Deco" is the name of the latest #HDA concept developed by OKIA, the Hong-Kong based #eyewearcompany worldwide renowned for its High Definition #Acetate Technology (HDA). As a result of the ongoing improvement of this patent, the new OKIA collection combines state-of-the-art design and technology in order to propose eyecatching #frames for people who love standing out from the crowd.

Surprising HDA #patterns, three-dimensional effects, glitter materials: everything in this line is an expression of innovation and glamour. As its name suggests, the #collection features extremely flawless decorations that, enriched by the sparkle of glitter, give each style a precious look. A wide range of trendy colours – black, purple, silver and gold - complete these refined frames.
